Technical drawing of a 2000mm long LED bar light assembly. The main assembly is 2000mm long, 38mm high, and 20mm deep. It consists of two 1000mm long LED bars (LED BAR - 10000K - 800) connected by a 305mm long LED bar connector (LED BAR 고정용 플립 섀터거리 - 305). The total length is 123mm (1000mm + 305mm). A detail view shows a 45mm wide LED bar connector (LED BAR 고정용 플립 섀터거리) with a 20mm deep hole and a 38mm wide hole. The detail view is labeled 'LED BAR 고정용 플립 섀터거리' and 'Ø20 (섀터 인출홀)'.
